Here and There: Reading Pennsylvania's Working Landscapes

Bill Conlogue

Here and There: Reading Pennsylvania's Working Landscapes Bill Conlogue

The global economy threatens the uniqueness of places, people, and experiences. In *Here and There*, Bill Conlogue tests the assumption that literature and local places matter less and less in a world that economists describe as “flat,” politicians believe has “globalized,” and social scientists imagine as a “global village.” Each chapter begins at home, journeys elsewhere, and returns to the author’s native and chosen region, northeastern Pennsylvania. Through the prisms of literature and history, the book explores tensions and conflicts within the region created by national and global demand for its resources: fertile farmland, forest products, anthracite coal, and college-educated young people. Making connections between local and global environmental issues, *Here and There* uses the Pennsylvania watersheds of urban Lackawanna and rural Lackawaxen to highlight the importance of understanding and protecting the places we call home.
