Walking Guide to the VIA DE LA PLATA and the CAMINO SANABRES: from Seville to Santiago and Astorga Mr Gerald Kelly

Please note, that this is the old edition of this book. The new edition (published May 2016) is now available. You can find it by either going to my Author's Page (see link below) or by searching for Walking Guide to the "Via de la Plata and the Camino Sanabres Second Edition".

The Vía de la Plata was originally a Roman Road linking Asturias in the north of Spain with the port of Cadiz in the south. Its name, which means The Silver Route, dates from Roman times when it was used to transport silver from the mines of Asturias to the Mediterranean port of Cadiz and onward by ship to Rome. Beginning in the 9th century, as Santiago de Compostela was becoming known as a Christian pilgrimage site, it also began to be used by pilgrims travelling to and from the tomb of St James the Apostle.

In the 1980s the revival of the Camino Francés as a walking route renewed interest in the Vía de la Plata. Numbers of pilgrims increased slowly over the years peaking at 14,197 in Holy Year 2010, and since then constant at about 9,000 a year. In contrast to the Camino Francés, the busiest times on the Vía de la Plata are spring and autumn. The extreme summer heat in southern Spain makes June, July and August the preserve of a small number of hardy souls.

Today the Vía de la Plata has become a popular alternative to the Camino Francés for people looking for solitude and a more authentic Camino experience (with its accompanying difficulties). This guide covers the Vía de la Plata from Seville to Astorga, and the Camino Sanabrés, which branches from the Vía de la Plata and arrives in Santiago through southern Galicia. People often use the term Vía de la Plata to refer to the combination of these two routes.

This new edition, updated in January 2015, includes the following information:

- Updated and improved maps - Notes on the towns and villages you'll pass through
- Route descriptions and distances
- Pilgrim accommodation
- Services: shops, restaurants, banks, etc.

It also covers the Caminos de Finisterre and Muxía, west of Santiago.

I started writing this guide after I came back from walking the Vía de la Plata from Seville to Santiago via Astorga in the winter of 2009, and finished it after returning to walk the Camino Sanabrés in 2012. Preparing for my walk I had been unable to find any reliable information in English about the routes and accommodation along them. This didn't deter me and I managed fine with a print out of accommodation from a Spanish website and some Google maps of the towns with the route sketched on them. However, if I hadn't known Spanish I would have been lost and I probably wouldn't have even attempted this walk.

Based on my experience I decided to try to make information more widely available in English. I started by making the guide available as a free download from my website. Thanks to the positive feedback and encouragement I received from other pilgrims who used it, I decided to try publishing it on Amazon (with the addition of maps). This has enabled me to bring the information to a far wider audience - not free, but for a fair price. From the beginning I appealed to pilgrims to send me updates and corrections to help me keep the information up-to-date. Many people responded, and this, together with online resources, allowed me to keep track of new hostels and route changes. This system isn't perfect and I would prefer (in fact I would love!) if I had the time and money to walk the Vía every year and do the updates as I go along. But I don't, and given the small number of English-speaking pilgrims walking this Camino, it's unlikely this, or any other guide, will every make enough money to cover a full, yearly update (such as the German guides manage).

So now let us show you the relaxing pattern this is your body and mind will likely be pleased when you are finished looking at it, like winning an activity. Do you want to try this extraordinary investing spare time activity?

Dennis Utley:

As a student exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Walking Guide to the VIA DE LA PLATA and the CAMINO SANABRES: from Seville to Santiago and Astorga can make you experience more interested to read.
