Keystrokes Lisa Marie

Farrow Connoley is a quiet, lonely book blogger with a weakness for Skittles candy and smut. The smut of choice is hard core, panty melting motorcycle club smut; full of dominant males in leather and covered in tattoos. A contest, by an online entertainment magazine, promises the winner exclusive behind the scenes opportunity as the sole blogger during the filming of the screen version of DIRTY. This is far too amazing for Farrow to pass up, considering the only man she has dream cast as the lead character, has actually been selected for the role. Kasen Wells is definitely the perfect match for the VP of the motorcycle club. Kasen and Farrow begin a friendship full of teasing and jest, until one morning they realize that there may be something more. They soon realize that spaghetti dinners are awesome, and making out on the couch can take you back to your teen years. When Kasen takes Farrow home to Apex, he figures out exactly what he wants, and hopes that Farrow is at the same place until he learns of the new offer on the table from the Entertainment magazine. Will Farrow accept everything that Kasen offers, or will she chase a dream without consulting the man who wants to be her future?
