Crystal Calling: A Book of Rhythmic Folk Tales Carla Berg

Dive into a world of colorful, rhythmic folk tales that take both heroes and villains on a journey of self-discovery. Crystal Calling is infused with the wisdom of the ages and the energetic properties of crystals. Its stories hold multiple levels of meaning, making them well worth exploring over and again.

The tales are set in days of olde, complete with hermits, crones and wise ones on hand to rescue the lost and misguided. Each is woven with lessons that align with a particular crystal and its unique properties -- but lest it's sounding too serious, Crystal Calling is also delightfully tongue-twisting and perfect for reading aloud. So you teachers, parents and children, put on your most expressive faces and colorful voices and warm up your mouth muscles for some tongue-testing limericks. Whether you're the reader or the listener, there's something or someone for everyone to connect with in these tales -- from misfits to mystics, royal bullies to the royally bullied -- and all ending in time-tested "happily ever afters".

Be sure to check the back of the book for photos and descriptions of the crystals and their properties, as well as discussion points for teachers, parents or book clubs.
