The Beginning in Black and White is a four week in-depth Bible Study on the beginning of our world: from creation, to the flood, to the tower of Babel, this study will dive in deep to explore topics that trouble many Christians. Millions of years or a young earth? Did Noah really take all of those animals on the ark? Was the flood worldwide or was it local? What about the caveman? Dinosaurs? How do all of these things fit into scripture? Does the creationist really have a leg to stand on based on all the evidence we read about in our popular magazines? If any of these questions have ever crossed your mind then this is the study for you. In these pages you will find answers, and the answers just may surprise you. But we won't start at the creation account; we will begin our journey many, many years after the story of Adam and Eve. We will begin with the days of Noah. It will soon become apparent, that if you discount the story of Noah's Ark, your outlook of the world surrounding you may be way off track, because as scripture says, in the last days, many will deny . . . the flood.
