"Is that it?" I asked softly, keeping my eyes closed. "Will I die now?"

"No. I'm going to bite you again."

"Enter with an open mind. Ara was *deliberately* written to be very young and immature, but she **grows tremendously** through the series... Another brilliant thing about this series is that all the scenes you might think are irrelevant and don't need to be in there actually tie in later. **This writer is a master storyteller** and has **some of the most profound foreshadowing skills** I've ever seen. How she ties in even the smallest detail six books later, I don't know. A must-read."

~Karen Veli, Editor

Dark Secrets (book one)

Lost in the struggle to find happiness again after losing her family and moving to a new country, Ara befriends the oddly alluring David Knight. Torn between the love of a childhood friend and the deep connection that's forming with David, she will be asked to make a decision about their relationship before she's even ready to admit her feelings. But a cruel stranger enters her life on the night of the town masquerade and forces her hand, taking away what little innocence Ara had left.
