Caught in the Current: A Novel Daniel Hryhorczuk

Caught in the Current takes the reader on a magical mystery tour of Eastern and Western Europe during the summer of 1970, a tumultuous period of free love, equal rights demonstrations, and Vietnam antiwar protests in America, but an equally revolutionary period in Alec's life. Raised in Chicago as Ukrainian, Alec is caught between identities--is he American or Ukrainian? His personal beliefs are pushed to the limit as he undertakes a risky mission to learn about political dissidents in Soviet-dominated Ukraine. Detained, interrogated, and finally deported from the Soviet Union, Alec seeks refuge in earthquake-ravaged Banja Luka where he begins to see the world from a different perspective. Questioning himself and his values, Alec finally finds his anchor in Stefi, his girlfriend from Chicago, who helps him discover his true identity.
