Crossing the Line – Description

Just how far will we go to protect those we love?

Crossing the Line introduces us to Charlie Sayer. Charlie believes that he is an honest and moral man, but how far will he go to ensure that he wins what is his toughest battle yet?

When an undercover operation goes badly wrong and leaves him seriously injured and his colleague fatally shot, Sayer is forced to face life outside of his beloved Police force.

Unceremoniously, and in his eyes unfairly, invalided out of the Police force he loves Sayer rapidly sinks into a world of depression and alcoholism that drives away friends and places immense pressure on his family as they seek to remain together. In an effort to bring Sayer back from what seems to be inevitable and fast approaching disaster, the family relocates to southern Spain where his wife and daughter try and drag him back to normality.

Then just as he seems to be regaining his sanity Sayer is forced to confront a violent chapter in his life once again, when the man who so nearly killed him seeks to finish off the job. Confronted by a man who will stop at nothing to achieve his aim Sayer must decide if he is willing to step across the line between what he has always believed in and what might be necessary to protect those he truly cares for.

Crossing the Line is a story about conflicting morals and values and of the battles that we must all face within ourselves in order to achieve what we believe is just.
