Mysticism and Logic: And Other Essays

Bertrand Russell

Mysticism and Logic: And Other Essays Bertrand Russell

A modern and beautifully redesigned version of the classic text.

Known widely as a political and social activist, Bertrand Russell was one of the most important philosophers of the 20th Century. Widely referenced, quoted and respected, Russell wrote on most areas of philosophy, but is arguably most revered for his advocacy of science and reason.

Mysticism and Logic showcases this depth and breadth of thought by bringing together a selection of his writing on various subjects. Bite size commentaries from one of humanities greatest thinkers, on subjects as diverse as religion and maths and, of course, mysticism and logic.
