Should Trees Have Standing?: Law, Morality, and the Environment

Christopher D. Stone

Should Trees Have Standing?: Law, Morality, and the Environment Christopher D. Stone
Originally published in 1972, *Should Trees Have Standing?* was a rallying point for the then burgeoning environmental movement, launching a worldwide debate on the basic nature of legal rights that reached the U.S. Supreme Court. Now, in the 35th anniversary edition of this remarkably influential book, Christopher D. Stone updates his original thesis and explores the impact his ideas have had on the courts, the academy, and society as a whole. At the heart of the book is an eminently sensible, legally sound, and compelling argument that the environment should be granted legal rights. For the new edition, Stone explores a variety of recent cases and current events--and related topics such as climate change and protecting the oceans--providing a thoughtful survey of the past and an insightful glimpse at the future of the environmental movement. This enduring work continues to serve as the definitive statement as to why trees, oceans, animals, and the environment as a whole should be bestowed with legal rights, so that the voiceless elements in nature are protected for future generations.

From reader reviews:

Janice Martin:

Book is definitely written, printed, or illustrated for everything. You can know everything you want by a reserve. Book has a different type. As we know that book is important factor to bring us around the world. Alongside that you can your reading skill was fluently. A reserve Should Trees Have Standing?: Law, Morality, and the Environment will make you to possibly be smarter. You can feel a lot more confidence if you can know about anything. But some of you think that will open or reading a new book make you bored. It isn't make you fun. Why they could be thought like that? Have you looking for best book or appropriate book with you?

Latoya Jones:

Why? Because this Should Trees Have Standing?: Law, Morality, and the Environment is an unordinary book that the inside of the guide waiting for you to snap that but latter it will distress you with the secret that inside. Reading this book adjacent to it was fantastic author who else write the book in such incredible way makes the content inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of positive aspects than the other book get such as help improving your skill and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the reserve store hurriedly.

Charles Krueger:

A lot of e-book has printed but it differs. You can get it by web on social media. You can choose the very best book for you, science, comedian, novel, or whatever by searching from it. It is referred to as of book Should Trees Have Standing?: Law, Morality, and the Environment. You can add your knowledge by it. Without departing the printed book, it may add your knowledge and make you happier to read. It is most essential that, you must aware about guide. It can bring you from one location to other place.

William Bell:

What is your hobby? Have you heard that question when you got learners? We believe that that concern was given by teacher to their students. Many kinds of hobby, All people has different hobby. And also you know that little person including reading or as examining become their hobby. You have to know that reading is very important along with book as to be the issue. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You will find good news or update concerning something by book. Numerous books that can you go onto be your object. One of them is niagra Should Trees Have Standing?: Law, Morality, and the Environment.
