Survey of Social Science (Psychology Series)

Survey of Social Science (Psychology Series)

342 articles on 12 key political subject areas are represented. Each essay comprises sections that are preceded by a list of key terms that help guide students and general readers into the topic in this easy-to-understand reference work. Ranging from the history of government and politics and political philosophy to the functions of government, the essays cover local, regional, national, and comparative government; they address civil rights and liberties, as well as economic, military, and religious issues.
