Rain Falling on Sunshine April A Charleson

At five years old, April packs one toy and boards a bus along with her Mom and two siblings, heading thousands of miles north, away from her abusive, alcoholic father. Life gets better, only to get worse again. Based on the author's own experiences, this book should be read by every child who has ever lost hope in the face of adversity, every adult who found something deep inside to get through the darkest hours, and every role model who has ever answered "Yes" when a child asked, "Do you believe in me?"
