Master of O Ernest Greene

Enter the decadent dungeons frequented by the powerful players of Los Angeles in this sexy virtual page turner! Steven Diamond is a high-powered LA attorney by day, but by night he uses his wealth and influence to indulge his most intimate desires - including the domination and ownership of his choice of beautiful and willing female slaves. His life is a waking dream until his younger half-brother, Ray, presents him with a unique gift: The eponymous O, a mysterious and seductive submissive hedonist in search of a master deserving of her complete devotion. Master of O takes you inside the hidden world of the most privileged and indulgent elite pleasure seekers, a world at once enticingly exotic and recognizable as Steven and O navigate the dangerous territories of desire, power, and gratification in this modern classic of erotic obsession, a new addition to The Story of O saga, told for the first time from the point of view of the dominant man. "Ernest Greene's long, loving riff on the most significant sexy book of all time is the real deal—gripping and pervy, knowing and witty, sexy and moving. If Story of O played out today, here's what the other side of that classic tale would look like: brainy and literate, scarily observant of the details of the kinky LA good life, where exotic furs are faux, whips are Jay Marston, flight attendants wear translucent blue latex, and the power-trappings of masculine dress finally get the fetish stylist they deserve. Read it for the dead smart vocabulary and cryptic Jethro Tull reference, or read it for the hot, hot characters and the searing sex—but read it!" —Carol Queen, Author, *The Leather Daddy & The Femme*; Co-founder, The Center for Sex & Culture "Ernest Greene's Master of O is more than a welcome snapshot of a side of the sexual spectrum we never see; it's a dense, poignant, and often hilarious document of a dark world full of collars, snaps, cinches, creases, ornamentation, red marks, and things that need to be just so. It is also brutally erotic. The California Stephen Diamond, Esq. and the intriguing O inhabit is our California, just 50 shades sexier. --Gram Ponante Author, *A Porn Valley Odyssey: Making "The Facts of Life XXX"*
