First Time Romance: Finally Cherished is a Lunch Break Reads new release:

First love...the steamy, awkward, and memorable moments that none of us ever forgets. Relive your first time as you read these stories that capture the emotions and sensations of first love:

Through Hayden's Eyes

Jesse Madison's life and virtue are in danger when neighborhood thugs break into her apartment. In the nick of time, her new roommate, ex-military Marine Hayden Marcus, walks into her apartment and into her life, kicking ass and simultaneously sweeping Jesse off her feet. Jesse never saw herself as a woman who attracted hot guys. After all, she's a real woman who never has and never will fit into a size 6. But Hayden makes it his mission to be her bodyguard and protector. He not only vows to keep her safe, he also introduces his inexperienced roommate to the world of love and passion. Jesse's life changes forever when she stops looking in the mirror and starts seeing herself through Hayden's eyes.

Mail Order Family

Speeding westbound in a monstrous, black steam train is a woman named Katherine. She's cynical, forthright and not afraid to speak her mind. She doesn't believe in love and she never wants to have children. But, what she does believe in are second chances and new beginnings. So when she boards the train and leaves her past behind in Boston, she's relieved. Becoming a mail order bride wasn't what she had planned. But now, a husband is waiting for her in Idaho, and by all accounts he seems like a kind and honorable man—perfect for a mail order marriage of convenience.

Luke is a born and bred pioneer. Despite his devastating smile and his ability to charm women, he decides to take a mail order bride from across the country. What she doesn't know is that he, too, is hiding a past that's he's unsure of. For them both, conquering the West seems far easier than conquering love.

Cherished for Centuries

Asher Williams was set on marrying the love of his life when they were attacked by a group of savage vampires. Not only was Asher turned into a vampire, but he also was forced to watch his love brutally attacked and murdered in the most despicable way. Centuries pass, and he is forced to watch as each generation reincarnates his lost love, and their tragedy repeats itself.

Eliza Maxwell wants her nightmares to stop. She thinks a change of pace and scenery will bring her some peace and quiet. But when the man of her nightmares saves her from one disaster after another, she quickly realized that the images she's trying to escape may very well be memories her soul refuses to forget.

Deadly Touches

Zackariah Hanson, a recently turned vampire, is on his first A list mission with the Order, a secret government agency of gifted humans and supernaturals who apprehend and punish criminals who are too wily for regular law enforcement. The mission: locate-and-apprehend three beautiful succubi. But the mission becomes personal for Zack when he falls for Danielle Braylin--one of the marks he's supposed to be

looking for. In the end, both of them are forced to choose between the love of a lifetime or the only lives they've ever known.
