The second volume of Sydney Selvon's "A New Comprehensive History of Mauritius" takes the reader on an epic journey covering the historical evolution of the island-nation from the time its first modern Parliament was created in 1886-87 to date. No other book in the 21st century gives such a detailed account of the island's history and its environmental evolution, plus historical accounts and photographic documents of the Outer Islands of Mauritius. The two volumes reveal numerous historical truths, many of which, in modern times, were, according to the author, concealed by the country's political leadership as was the case regarding the Chagos/Diego Garcia affair.
