Elixir begins an exciting new series (for young adults) from multi-talented star Hilary Duff! The former star of the hit Disney show *Lizzie McGuire* takes her first step into the literary world with this unique blend of mystery and romance.

Clea Raymond has felt the glare of the spotlight her entire life. The daughter of a renowned surgeon and a prominent Washington, D.C. politician, she has grown to be a talented photojournalist who takes refuge in a career that allows her to travel to the most exotic parts of the world. But after Clea's father disappears while on a humanitarian mission, Clea's photos begin to feature eerie, shadowy images of a strange and beautiful man -- a man she has never seen before.

When fate brings Clea and this man together, she is stunned by the immediate and powerful connection she feels with him. As they grow closer, they are drawn deep into the mystery behind her father's disappearance, and they discover the centuries-old truth behind their intense bond. Torn by a dangerous love triangle and haunted by a powerful secret that holds their fates, together they race against time to unravel their pasts in order to save their lives -- and their futures.
