Bonded Agent David B. Riley

They say graduates of the Martian School of Economics really go places. That's certainly true for Sarah Meadows. After taking a job with the Gompers Insurance Company they send her to weapons training on her second day on the job. She's soon parachuting out of space ships, hunting down cargo pirates and even trying to salvage a derelict vessel that may be haunted. Not to mention getting involved in a war between Earth and a reptilian race.
