Security scheme and data clustering method in wireless sensor network Regan Rajendran

Security scheme and data clustering method in wireless sensor network covers the importance of different attacks, security and data clustering in sensor network. This book gives the brief explanation about cross layer design and key generation for security in networks. Track-Sector Clustering (TSC) and Hyper Elliptic Curve Cryptography (HECC) provides better transmission range and secure communication in wireless sensor networks. This book will help the students, researchers, academicians for their research work.
