**Zoe's Triple Chocolate Cupcakes are to die for... literally!**

Willowbrook is as pretty as a postcard, and just what Zoe Hartman needs for a fresh new start. Having fled from a brilliant culinary career to this rural town, she's determined to make her cafe and bakery the new Starbucks for all the residents of Willowbrook. But when her cupcake accidentally kills the mayor on her opening day, the word around town is anything but positive for Zoe. She's unwilling to let this go on, especially when she *knows* she's not the one to blame. The police are unwilling to see it as anything more than an accident 'for her own good' but in a town as small as Willowbrook, reputation is all that matters.

Backed by her truant assistant Lacey who's keener than she is to play Sherlock Holmes, Zoe's gotta find the dirt on the mayor and uncover just who pinned this heinous crime on her, before the new life she's built comes crumbling down around her.
