Two stories about the founding of the first Sanctuary town, including the story of Adam DuBois's tragic past. While these stories take place first, chronologically, they're best read after Sanctuary Unbound.

A Safe Harbor

Joan Fuller enjoyed a privileged life—until her wealth and connections garnered her the wrong sort of attention. Her rejection of a textile heir's proposal comes back to bite her when he turns out to be a werewolf on the prowl for a mate.

She may have been turned against her will, but now that she's part of his pack she sets out to protect all its women. Even if that means joining forces with a witch and a vampire—and leaving the comfort of Boston.

Former bootlegger Seamus Whelan has cleaned up his act, but when his old partner Gavin comes to him for help, he can't say no—no matter how deadly the threat. Escorting some female wolves to safety should have been easy, except their leader is a prim ex-debutante with enough power to challenge Seamus himself.

Her courage captures his interest, and her first hesitant kiss ensnares his heart. But before they can build a haven for their kind, they must free themselves of the past—and the powerful man who's out to teach her a lesson she may not survive...

Undertow

Victor left behind a life of crime to focus on a new vision—helping his alpha build an island sanctuary for werewolves. Harsh experiences prepared him for the hardships involved, except when it comes to dealing with the young female refugees of the brutal Boston pack—especially Simone, who rouses his inner wolf like no other. A woman he must resist, or risk becoming just the latest man to make demands on her.

Born to wealth and privilege, Simone lost everything when she fell for the seductive whispers of the textile heir who turned her. Once adrift, now she is fired by a new sense of purpose—the chance to broker peace between werewolves and European wizards. Yet even as Europe beckons, her instincts—the same ones that led to trouble before—keep drawing her back to Victor.

During a sailing trip to the mainland for supplies, Victor finds it impossible to hold himself aloof from the warm, engaging Simone. And when a winter storm traps them together during a full moon, she breaks through his walls so easily and completely, the question is no longer how he'll stay away, but how he'll let her go.
