A mermaid and a seahorse: adventure on the high seas Michael Mardel

COME ON A JOURNEY UNDER THE SEA - MEET PIRATES AND STRONG WOMEN

A Mermaid instructs a Seahorse in the ways of women from pirates to healers to Joan of Arc. There are elves along the way as well as a Rainbow Serpent who is making the Great South Land. Reincarnation is introduced and the Seahorse has to decide what sort of horse he wants to be on his return.

The story is entertaining in its own right; its lucid language only makes it all the more enjoyable (occasionally its language turns even poetic, though not cryptic). Review. YA

Review of Seahorse tale by Anthony Avina

Michael Mardel's "A Seahorse Tale" is the first YA and middle school style book I've ever reviewed. As such, I took my time and really dove

headfirst into this story, and what I found was quite amazing. In this story, Mardel creates a fantastic fantasy land in which he not only

entertains both children and adults alike with his creative creations, but he implements a tale of philosophical proportions. Bringing to

light the various cultural beliefs, from Christianity and mythology to Darwinism, the author blends these cultures together and implements

them in his story expertly.

Listening to this tale of the Rainbow Serpent, a creator of life on Earth who gave life to the narrator of this story, the seahorse, is a

truly unique experience. The evolution of life on the planet and the experiences with the mermaid, pirates, and other figures throughout

history as told by the seahorse are remarkable. This story does a phenomenal job of blending history and the Australian culture with the

mythology of our world, and creates a fun read that is both creative and at times poetic in it's delivery.

This is a must read YA book. The imagery used in this story are bright and vividly accurate. The vastness of this creation is something to

behold, and each page is dripping with detail and power that makes it easy to see it as an animated film in your head. Pick up your copy of
