As a student, I often feel bored with reading. If my teacher requested that I go to the library or to make a summary for some e-book, I am often complained. Just minor students that have reading as an internal or real passion. They just do what the teacher wants, like being asked to go to the library. They go to the library but do not read critically. Any student who feels that studying is not important, boring, and as if they can't see colorful pictures on the pages. Yeah, it is so complicated. A book is very important for yourself.
