The author of this book, Jolene Jacobs, takes you through a no-holds-barred look at what it's like for an ultra-intelligent and successful young woman in her early 20's (with an M.B.A and working for a Fortune 100 company) to have this personality disorder, and what it's been like for the people who love her, especially the men in her life. She also offers some frank advice to the men who want to date her that you won't want to miss!

Along with her relationship experiences and advice, Jolene also tells of heart-breaking and even tragic experiences in her younger life that may hold a key as to who she is today. One story even involves the 9/11 terrorist attacks and how it struck her family to the core.

Come on her journey now and see if you may get some understanding about BPD, one person's pendulum-swinging life, and how she's slowly making progress in learning ways to control it.
