The total number of searches conducted across all search engines in 2011, will exceed 300 Billion and will cost companies competing for these page-one listings in excess of 50 Billion Dollars. DNO the SEO Revolution is a how-to-guide for achieving Permanent page-one rankings for under \$100. This one extraordinarily simple idea will shatter traditional SEO concepts allowing every reader the opportunity to gain multiple Page One Rankings. I know because I have achieved multiple rankings for my own company and a select number of customers who participated in our trials. Achieving the top three listings on Page One of Google for under \$100 is an amazing accomplishment but for them to be permanently listed and not be under threat from competitors who are prepared to pay more for the ranked position is extraordinary. The use of SEO, PPC and SEM to achieve a Page One Google Ranking are expensive but more importantly they offer no permanency. Keyword auctions that encourage competitors to pay a higher price for the number one ranked position are insane and it is time to do things differently. Remember Einstein said, "The definition of insanity is doing the same thing over and over again and expecting a different result."
