## **Moses and Akhenaten: Brothers in Alms** Ted Loukes

Could Moses have been a real person and could that person have been the Crown Prince Tuthmose, son of Amenhotep III and brother to Akhenaten? Two of the ancient world's most enigmatic characters: Moses, who led the Israelites from bondage in Egypt to the Promised Land, yet 'archaeologically' didn't exist, and Akhenaten, the heretical Pharaoh who overturned the religion of Egypt and was deliberately erased from history. Who were these two men and what was the legacy they left behind? To understand Moses and Akhenaten, it is necessary to understand the times they lived in, to establish how Moses came to be raised in a royal household, where he went when he left Egypt, what happened when he returned, how the circumstances of the Exodus occurred, and in which Pharaoh's reign did it take place. It is time to take a fresh look at whatever inscriptional evidence there is and re-evaluate the various texts that have survived. But before we do that, we need to understand why what we read in textbooks and encyclopedias today, is not really 'cast in stone'. This book is for the people who don't know Ancient Egypt, or who only have recollections from history lessons at school mixed with Hollywood's take on the whole thing, rather than for academics. It is written to be understood and enjoyed by everybody.
