On March 14, 1976, several soldiers stationed at Fort Polk, Louisiana, were involved with an alien abduction and encounter, that led to military cover ups from an "Incident" that these men were 'Chosen' by these benevolent ET's to do. Army Intel investigations took place after these soldiers were empowered with telepathic powers to re-acquire a Direct Energy Weapon (DEW) to prevent extinction of the human species 50 years in the future. After 40 years of silence, the real story unfolds to expose the truth about what really happened and what is still planned by the Military Industrial Complex (MIC) over the next 10 years. It's About TIME, for FULL DISCLOSURE or extinction will not be stopped. This story is told by the author, who was 'Chosen' by the ET's to lead the men and steal the (DEW) from the Army re-engineering sector from further diagnostic and production use.
