The sky is falling down Samantha Dentith

This is my story of my heartbreaking battle with a mental illness, it is from my memory alone. It is a detailed memoir of the struggle my family and I went through during a very challenging time in my young life. I hope to enlighten you, inspire you, support anyone going through any type of mental distress. I hope to give outsiders a frank insight to this type of health issue. I would love to help break the taboo of mental health and encourage people to seek help and others to help people in need. If you are interested in mental health, are studying the subject then this is the book for you. Enjoy.
