How to Create Your Vertical Urban Garden and Grow Organic Fruits & Vegetables in a Small Space

This introductory guide book is everything you need to get started with vertical gardening.

If you have always thought that growing your own food is too complicated, time consuming, and expensive, gardening can be done by anyone just about anywhere.

Getting started is simple and fun. If you have never planted a seed; at this moment, you cannot imagine the joy and satisfaction from eating food you have grown and harvested yourself.

In an urban setting, vertical gardening is the art of maximizing available dirt, space, and surfaces to grow food. A benefit of vertical gardening is that it can be easily done in an urban environment where you may not have a yard, but you have a balcony, a small deck, or a small space by your front door.

This book includes the following information:

- What is Vertical Gardening
- The Benefits
- Getting Started
- Tips and Ideas
- And much more...
