Angel is open more than ever since Parker has come into her life. Being in a serious relationship was something Angel never thought she would have and with a hood no less. Even with her doubts of Parker's true intentions, she isn't holding back her feelings as she continues to build a trusting relationship with her man.

Parker has been doing everything in his power to show Angel that not all hood dudes were triflin', cheating men. He'd been going out of his way to show and give her the love she never had but deserves. Though love is in the air for the new lovers, trouble is never too far behind. Angel is happy but she still has her secrets.

No matter how hard Angel tries, she can never fully get away from her past...
What will happen when an old flame tries to come into the picture?
Relationships will be put to the test.

Will Angel be able to handle everything that's going to be thrown at her? Or will she take the easy way out and run away from it all?
