Based on a true story. A working class couple is viciously victimized by the rampant corruption that exists within the United States Government. Your freedom as well as your Constitutional Rights are nothing more than an illusion. Discover how the major government agencies, including law enforcement, collude to break the law and terrorize citizens. The backstory starts with a seemingly shady union election. This led to a mail/wire fraud investigation pertaining to that election. It progressed through virtually every layer of government, law enforcement, the legal system as well as the banking system. It concluded with death threats, extortion, corruption, monitoring, surveillance, wiretapping, coercion, intimidation, lawyer tampering and doctor tampering. This tyranny was at the hands of our own government. The very government that is supposedly restrained from this type of activity by the United States Constitution. The ruling class in Washington, DC refer to it all as 'the game'. The matter is currently before the DC District Court, Robert B. Tracy v. DOJ, Case no. 1:15-cv-00655.
