Book One: When the Wind Howls in New Directions

Susan Cabot opens her eyes in the hospital. She has practically no memory of what happened to her and Colton Pidcock in that hotel room, where they must have been attacked by her best friend Kate. But Susan still can't believe it, though she struggles to remember the tragedy, she can't get out of her head one particular detail. The scent. The scent that seems surprisingly familiar.

While Susan recovers, Colton tries his best to protect the girl he is falling for. He takes her to New York in hope of escaping future attacks. Do they manage to? Or will they face an unexpected danger?

Book Two: Murder in San Sebastian

Murder in San Sebastian

is a thrilling new story set in the small, beach town of San Sebastian. It is a quiet and beautiful place where many go to relax. It is the perfect kind of place for someone like Annie Walker, a writer from busy London seeking new inspirations and sanctuary. It is the perfectly quiet and gorgeous environment that becomes her favorite place to holiday, year after year. It is there that she meets Luke Russell, a wealthy man in his mid-30s with plenty of natural charm. They become close but despite his subtle pursuit of her, she never gives in.

Book Three: Memory Bites

A young boy hovers near death in a hospital room, his overly doting mother at his side and a calming voice that he hears in the mist of his unconscious mind. He recovers and is visited by the mystery woman. The boy goes through some major life changes including being allowed to go to school like regular kids and getting in

his first fight. And, as he grows closer to his strange friend more changes keep coming.

Book Four: Memories Bite Harder

Annalisa's quiet but quite resolute refusal of his marriage proposal hung in the air. He tried to ask several questions, all of them meaning the same thing and choked on every word. Finally, tired of his wild, staring eyes and the sound of the panicked thud of his breaking heart, she just sighed and disappeared leaving the room infinitely colder in her absence.

The lovely ghost vampire that he had fallen in love with to the point of nearly throwing away his entire career after being rejected by her was a child killer.

Book Five: The Bride Price

It was almost a perfect wedding. Almost. Judith Price, noted puzzle designer, had finally found the love of her life. Daniel Danvers, quiet and reserved, had finally popped the question, and the arrangements were all but completed, when everything fell apart. Her father, Alistair Price, the noted author and literary critic had been killed, his body found slumped over his writing desk, a letter opener used to end him.

Local sheriff Alan Voorhees has set his sights on Danvers as the prime suspect. But Judith is certain that Daniel could never do such a thing, and now she is in a race with the law. Sheriff Voorhees will arrest Daniel on Monday, but Judith must solve the mystery of her father's death, and identify his killer in the next two days.
