## **Einstein's Brainchild: Relativity Made Relatively Easy!** Barry R. Parker

Physicist and popular science writer Barry Parker speaks to the broadest possible audience in bringing Einstein's theories to life. Given the fervent renewed appreciation for the contributions Albert Einstein has bestowed on humanity, Parker thinks it only right to dedicate a book to explaining in the clearest possible terms the meaning and beauty of Einstein's theories.

While tracing the story of Einstein's life, Parker seizes on the crucial groundbreaking theories that Einstein envisioned. Not since Isaac Newton had anyone conceived the universe in such a revolutionary, startling new way. Through Parker's eloquence, eye for detail, and clever use of Einsteinian cartoons and vivid illustrations, he enables the reader to see and appreciate for perhaps the first time the full meaning and scope of Einstein's Special Theory of Relativity and General Theory of Relativity.

Parker then guides the reader to the next step in Einstein's revelations: the possibility of time travel. In exploring the fascinating implications of Einstein's thought, Parker treats us to the experience of discovering a black hole, traversing curved spacetime, and greeting our much younger twin who has just returned from a long and arduous spaceflight.

Parker's incomparable gift for language captures Einstein's uniqueness, singular brilliance, and stunning theories. The clarity of the writing coupled with the many illustrations will drive home the point why so many consider Einstein to be the greatest scientist who ever lived and *Time* magazine named Albert Einstein "Person of the Century."

### **From reader reviews:**

#### **Theodore Stewart:**

The book Einstein's Brainchild: Relativity Made Relatively Easy! can give more knowledge and also the precise product information about everything you want. So why must we leave the best thing like a book Einstein's Brainchild: Relativity Made Relatively Easy!?! A number of you have a different opinion about publication. But one aim that book can give many information for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or data that you take for that, you can give for each other; you can share all of these. Book Einstein's Brainchild: Relativity Made Relatively Easy! has simple shape however you know: it has great and large function for you. You can search the enormous world by open and read a publication. So it is very wonderful.

#### **Cheryl Estrella:**

What do you about book? It is not important together with you? Or just adding material when you want something to explain what the one you have problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is make one feel bored faster. And you have spare time? What did you do? Everybody has many questions above. They need to answer that question simply because just their can do which. It said that about reserve. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this Einstein's Brainchild: Relativity Made Relatively Easy! to read.

#### **Carmelita Ratliff:**

Hey guys, do you really wants to finds a new book to see? May be the book with the concept Einstein's Brainchild: Relativity Made Relatively Easy! suitable to you? The actual book was written by popular writer in this era. The book untitled Einstein's Brainchild: Relativity Made Relatively Easy!is one of several books in which everyone read now. This kind of book was inspired many people in the world. When you read this reserve you will enter the new age that you ever know just before. The author explained their plan in the simple way, and so all of people can easily to be aware of the core of this book. This book will give you a lot of information about this world now. To help you to see the represented of the world in this particular book.

#### **Patricia Coulter:**

Your reading sixth sense will not betray an individual, why because this Einstein's Brainchild: Relativity Made Relatively Easy! book written by well-known writer whose to say well how to make book that can be understand by anyone who all read the book. Written throughout good manner for you, dripping every ideas and composing skill only for eliminate your current hunger then you still uncertainty Einstein's Brainchild: Relativity Made Relatively Easy! as good book not merely by the cover but also by content. This is one book that can break don't assess book by its cover, so do you still needing yet another sixth sense to pick this kind of!?! Oh come on your reading through sixth sense already told you so why you have to listening to another

sixth sense.
