Reagan Winters just got out of a relationship. Her brothers are hell-bent on protecting her from every guy in the vicinity, and have been since their parents died fourteen years ago. She starts to secretly fall for two men. One is a total stranger and the other happens to be one of her brothers' best friends.

Elijah Stone is a successful thirty-one-year-old lawyer. His parents are still trying to get him to settle down with the "princess of the snobs" from their country club. He has no intention of giving them the satisfaction. In fact, he intends to stay a bachelor for the foreseeable future so he never has to subject any woman to his family.

Their lives are altered one evening at the hands of today's technology. What happens when an Accidental Text brings their lives together—and who is lurking in the shadows to take it all away?

This book is the first book in a trilogy and is told from both Reagan and Elijah's POV. It is recommended for a mature audience, 18+, due to the language and some adult content.
